

Wir machen Arbeit sicher und gesund.

VDSI

Verband für Sicherheit,
Gesundheit und Umweltschutz
bei der Arbeit

VDSI – A strong community

We make work safe and healthy

VDSI

.. is Germany's biggest association for safety, health, and environmental protection at work.

- **Members:** about 5.600 experts from different professions and branches
- **Purpose:** reducing hazards and burdens of today's working life on a lasting basis
- **Benefit:** broad network and practical assistance for the daily professional life

Goals and tasks of the VDSI

- exchange of experience, further education, and networking among members
- commitment to ensure professional training and skilled advanced training in its specific fields
- participation in the development of legislation, regulations, directives, and norms which deal with safety, health, and environmental protection at work
- co-operation with national and international institutions and associations
- consulting of all social groups regarding issues of safety, health and environmental protection

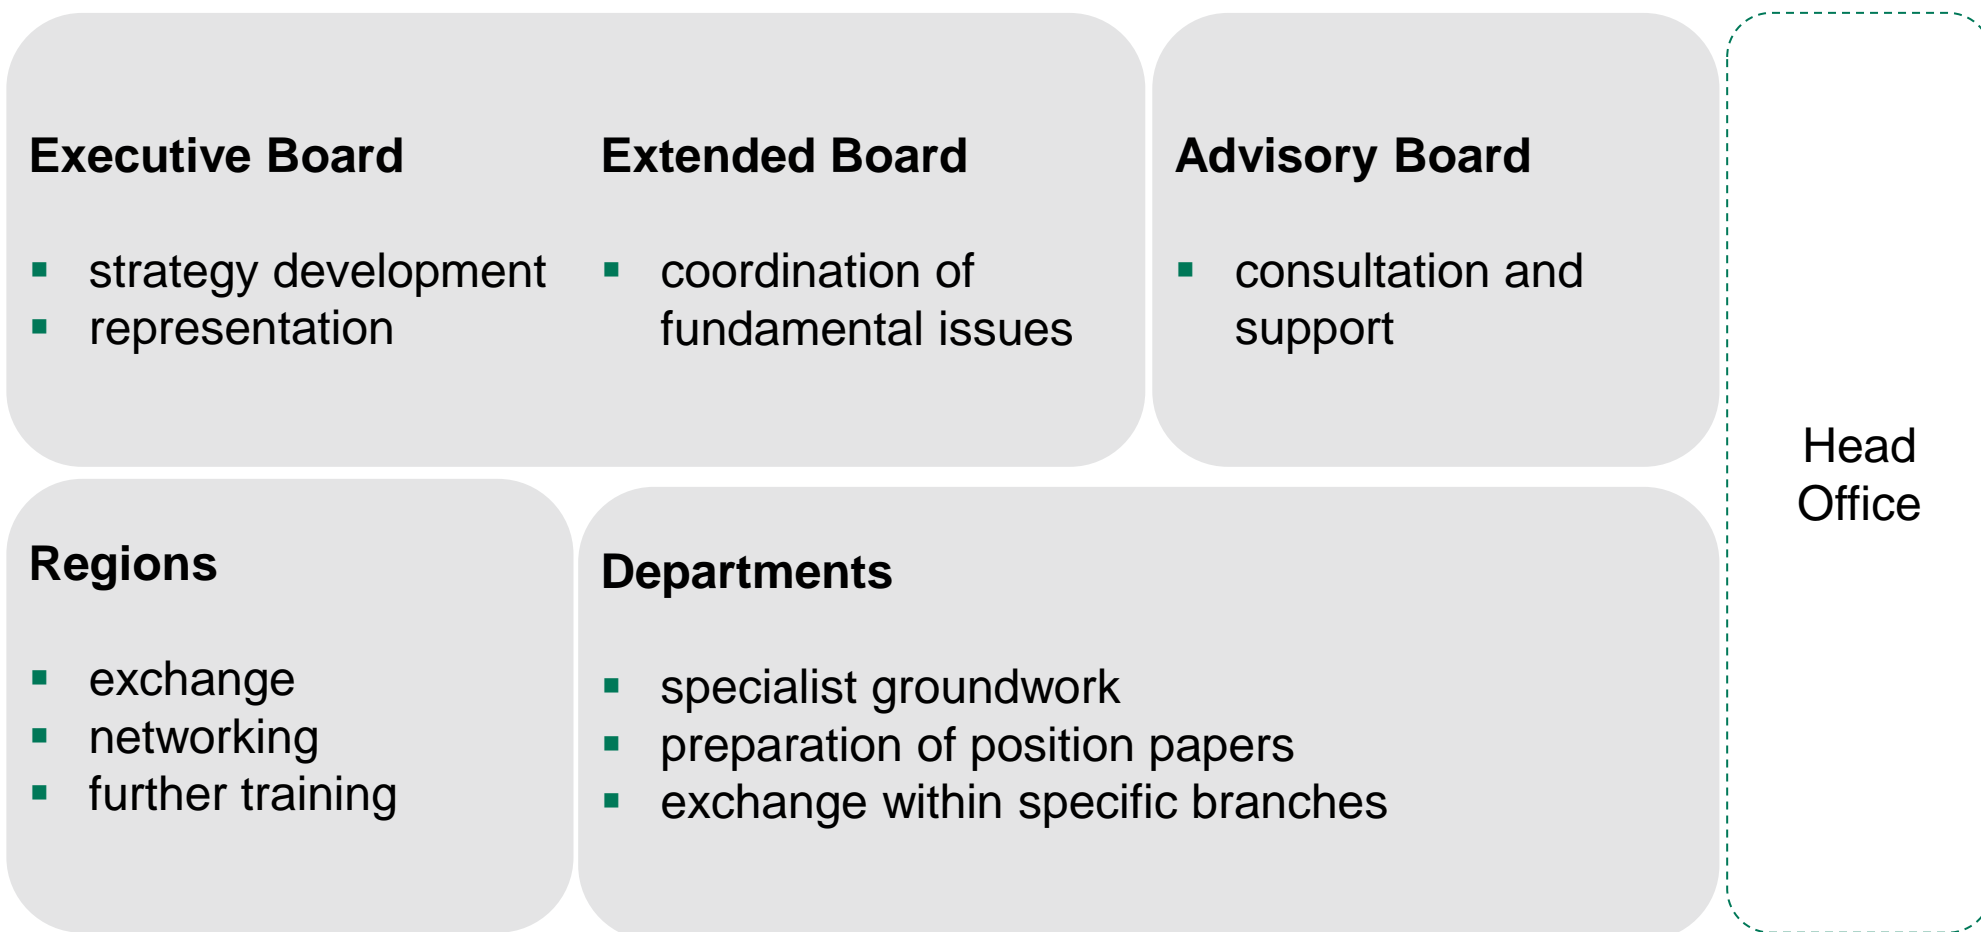

History (I)

- 1951 foundation of the „Arbeitsgemeinschaft der Sicherheitsingenieure“ in Königswinter
- 1954 change of name in „Verein Deutscher Sicherheitsingenieure (VDSI)“
- 1977 implementation of a full-time head office in Wiesbaden
- 1980 accession of the „Verband der Sicherheitstechniker und Sicherheitsmeister (VSTM)“
- 1990 the „Arbeitsgemeinschaft Arbeitsschutz der Kammer der Technik“ of the former DDR recommends joining the VDSI

History (II)

- 1993 change of name in „Verband Deutscher Sicherheitsingenieure (VDSI)“
integration of occupational health in the objectives
- 1997 integration of corporate environmental protection in the objectives
foundation of the affiliate „Gesellschaft für Qualität im Arbeitsschutz mbH (GQA)“
- 2014 realignment and change of name in „VDSI – Verband für Sicherheit, Gesundheit und Umweltschutz bei der Arbeit e.V.“
